### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: Prior art fails to teach an apparatus for permitting the transfer of organic material from a donor onto a substrate to form a layer of organic material on one or more OLED devices as detailed in the independent claim 1. The closest prior art are applicant's own patents US 6,695,030 B1 & US 6,695,029 B1. There is no double patenting rejection over the patents because there is no reason or suggestion for modifying the claims in the issued patents to include means for providing the movable layer and means for maintaining the spacing of the laser as defined in the independent claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
